PENNY LANE HOME SOLUTIONS

Google Business Profile Action Plan

Hi Brandon,

Your website is live and performing well at pennylanehomesolutions.com.
This document gives you the exact steps to make your Google Business
Profile work harder — bringing more local homeowners to your door.

This document covers: Critical Profile Fixes •

SECTION 1 — Critical Actions: Fix These This Week

Google is already flagging these gaps on your dashboard. Fixing them moves you up in local search.

& Google is currently showing "Add missing information — Add business hours" on your profile.

1 Add Your Business Hours (Most Urgent)

GBP Dashboard !' Edit Profile !' Hours.

Set: Monday through Sunday, 8:00 AM – 8:00 PM (matches your website).

Google hides profiles without hours from many local search results.

2 Paste This Business Description Into Your Profile

GBP Dashboard !' Edit Profile !' Business Description. Copy and paste the text below:

"Penny Lane Home Solutions is a veteran-owned handyman service based in Canton, GA. Brandon Boyd brings 4+ years of experience and 660+ completed jobs to homeowners across Canton, Woodstock, Holly Springs, Ball Ground, Waleska, and the Northern Atlanta Metro. Services include ceiling fan installation, TV wall mounting, IKEA furniture assembly, plumbing repairs, drywall repair, and general home maintenance. Background-checked, fully insured through Next Insurance, and available 7 days a week with same-day appointments. Average response time: 41 minutes. Accepts Apple Pay, Zelle, Venmo, credit cards, and cash."

3 Add Your Service Area Cities

Edit Profile !' Service Area !' Add each city:

Canton • Woodstock • Holly Springs • Ball Ground • Waleska • Nelson • Jasper • Cartersville

4 Fill In Your Services List

GBP Dashboard !' Edit Services. Add these with keyword-rich names:

- Ceiling Fan Installation • TV Wall Mounting • IKEA Furniture Assembly
- Drywall Repair & Patching • Leaky Faucet Repair • Light Fixture Replacement
- Garbage Disposal Installation • Handyman Services Canton GA

5 Add Social Media Links

Edit Profile !' Social Profiles. Google shows an "Add social profiles" card on your dashboard — it signals trust.

Add your Thumbtack profile link minimum:

thumbtack.com/ga/canton/handyman/penny-lane-home-solutions/service/

6 Claim Your \$500 Google Ads Credit

Your dashboard shows a "Claim your credit" card — this is a real Google Ads offer for new advertisers.

Even \$500 in Local Services Ads for "handyman Canton GA" can bring 10–20 booked leads.

LSAs appear ABOVE the local map pack in search results.

SECTION 2 — Photos to Add to Your Google Profile

Profiles with 10+ photos get 42% more direction requests and 35% more website clicks (Google data).

HOW TO UPLOAD

GBP Dashboard !' Photos !' Add photos !' Upload from your phone or computer !' Categorize each one correctly.

Your website already has professional job photos. To download each one:

1. Open the URL in your browser 2. Right-click the photo 3. Save image 4. Upload to GBP

Google Photos Brandon Should Take With His Phone

- Photo of you (Brandon) in uniform or on a job site [Category: Team]
 - ! MOST IMPORTANT photo on GBP. People hire people. A face builds instant trust.
- Before & after of a drywall patch [Category: At Work]
 - ! Upload both photos back-to-back. Visually proves your quality better than any text.
- Before & after of a TV mount install [Category: At Work]
 - ! Clean cable management shots perform exceptionally well — customers love seeing the "after."
- Your van or truck (if it has your logo/branding) [Category: Exterior]
 - ! Builds brand recognition. Customers in your neighborhood will start recognizing you.
- Happy customer giving thumbs up (with their permission) [Category: Team]
 - ! Ask at the end of your next job. Authentic social proof. Very few handymen do this.

SECTION 3 — A Question for You About Google Reviews on Your Website

? Brandon — do you want Google Reviews displayed on your website?

Your site already shows your Thumbtack (4.9 &) and TaskRabbit (5.0 &) ratings. We can also add your Google Reviews — updated automatically.

What this means for your business:

- Your homepage shows your Google star rating and recent review quotes — updated automatically
- Customers see real social proof before they even call you
- Google itself rewards sites that display verified reviews with stronger local ranking signals
- We handle everything technical — you just give us permission

What we need from you:

1 Your answer: Yes or No?

Just reply to Ram — "Yes, add Google Reviews to my site" or "No, not yet." That is all.

2 If yes — approve access (one click)

You will receive an email from Google asking you to approve Creativecoders' access to your GBP data. One click. Takes 30 seconds. Ram will walk you through it.

3 We do the rest

Creativecoders connects the Google Reviews API, styles the section to match your site, and deploys it. Your live reviews appear on the homepage automatically from that point forward.

📧 Please reply to Ram: "Yes, add Google Reviews to my site" or "No, not yet"

Your current review assets (already live on your website):

SECTION 5 — Get More Google Reviews (Your #1 Ranking Factor)

Reviews drive local Google ranking more than almost anything else. Here is the exact system to follow after every job.

Step 1 — Get Your Google Review Link

- GBP Dashboard !' click "Ask for reviews" icon !' copy the link Google gives you
- Go to bit.ly (free) and shorten it to something easy to text, like: bit.ly/BrandonReview
- Save that short link in your phone — you will use it after every job

Step 2 — Text Every Customer the Same Day as the Job

☺=Üñ TEXT TEMPLATE — Copy, save in your phone, send after every job:

"Hi [Name]! Thank you for having me out today — it was great working on your home. If you have 30 seconds, a quick Google review helps my small business more than you know: [YOUR SHORT LINK]. Thanks so much! — Brandon, Penny Lane Home Solutions"

Step 3 — Reply to Every Review Within 24 Hours

- Google ranks businesses higher when the owner responds to all reviews — positive AND negative
- 5-star reply: "Thank you [Name]! It was a pleasure working in your home — hope to help you again soon!"
- Negative review reply: Stay calm. Acknowledge the issue. Offer to make it right. Never argue publicly.
